**Siberian University of Consumer Cooperation (Novosibirsk, Russia)**  
**Annual International Conference «Technologies in Education-2023»**  
**April 19-21, 2023**

«Technologies in Education-2023» aims to bring together academics, researchers and practitioners to exchange and share their experiences and research results on the aspects of education technologies, to discuss the contemporary issues of teaching and learning process.

The Conference welcomes researchers, teachers /educators, practitioners, graduate students, undergraduate students, and all interested in education technologies development.

THE CONFERENCE topic areas are:

- 1. Digital Transformation in Education;**
- 2. Technologies in education, research, and professional training;**
- 3. Measurement, assessment, and evaluation in educational process;**
- 4. Competence approach in education: soft skills and hard skills development;**
- 5. Integration of educational, scientific and professional organizations as a crucial condition for graduate training.**

Conference participant's papers will be posted on the website of Siberian University of Consumer Cooperation for review and discussion (April 19-21, 2023). Based on the conference results, it is planned to publish the conference proceedings, including the assignment of ISBN, DOI, UDC and BBK codes, distribution to libraries, registration with the Russian Book Chamber and placement in the electronic scientific library – elibrary.ru (Russian Science Citation Index (RSCI)).

Participation in the conference and the electronic version of the conference proceedings sent to the authors are free of charge, a printed copy of the collection provides for a registration fee of 1000 rubles.

Payment details for the registration fee (marked «Конференция Технологии в образовании»):
